Cardigan Bay Range Danger Area

Information for mariners

A safety guide

MOD Aberporth

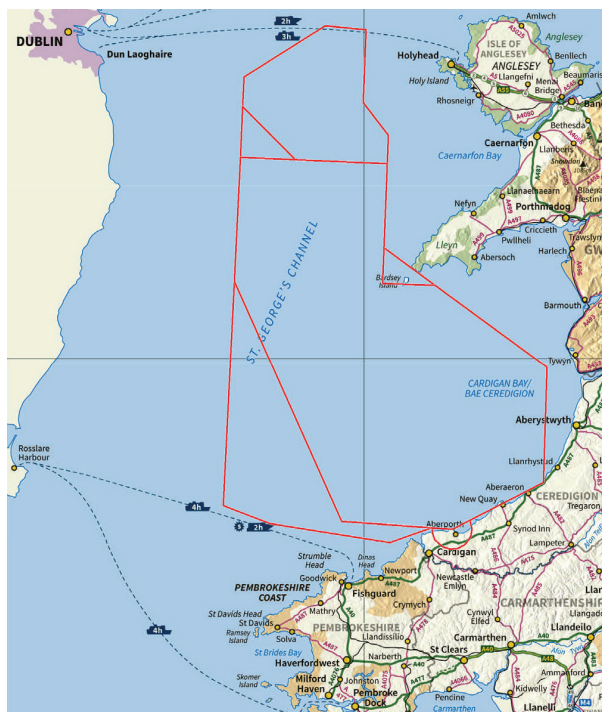

What is the Cardigan Bay Danger Area?

It is a military testing and training area covering a large part of Cardigan Bay. Activities occur daily including low flying aircraft, missile evaluation, laser firing and bombing. MOD Aberporth, operated by QinetiQ, uses the Danger Area daily. Find out more on our website.

Access Opportunities

- ! For safety, parts of the Danger Area are temporarily cleared of shipping during firings.
- ! Announcements are made over VHF radio at the start and end of activity. We request your co-operation for the safety of all concerned.
- ✓ Rest of the area is available for general use.
- ✓ Most weekends, there is no activity.
- ✓ Check our weekly programme on our website as activities vary each week.

What should I do before setting out?

- ✓ Check the weekly programme* on our website for a guide to the active areas. Please call for advice and further details.
- ✓ Check our weekly, downloadable list of buoys and target locations.

* Programme may change at the last minute with no opportunity for publication, always call for latest updates.

What should I do on the water?

- ✓ Ensure your radar reflector is mounted correctly.
- ✓ Keep your VHF radio on and listen for broadcasts on channel 16 and 11.
- ✓ Contact us on entering or exiting the Danger Area.
